95

Health Score

LOW RISK

AI Prediction Summary

Model Confidence	86.0%
Total Issues Found	0
Passive Checks	12 / 12

Detected Vectors

HTTP Security

Scan Status

Scan Completed

Vector Size: 12-Bit

Detected Vulnerabilities

0 Findings

Type	Finding	Description	Status
------	---------	-------------	--------

Perfect Architecture!

No passive vulnerabilities were detected by the 12-bit scanner.

AI Remediation Fixes

No remediation required. The target environment is secure.

Pipeline Details

[01] Target Parsing	OK
[02] SSL/TLS Inspection	OK
[03] HTTP Header Extraction	OK
[04] Body/Signature Mapping	OK
[05] 12-Bit Vector Assembly	OK
[06] ML Predictive Inference	COMPLETE
